

CREDENTIAL	PROGRAM CODE	AREA OF INTEREST	LOCATION	DURATION
Ontario College Advanced Diploma	Fall: 0313	Aviation	Thunder Bay	2.5 -year

Overview

Flying has been a dream of yours for years. Why not make a career of it?

You can, with Confederation College's Aviation Flight Management (2.5 years) diploma program. Your private pilot flight training begins the first week of first semester right from our hangar at the Thunder Bay International Airport. You'll also receive training on some of the most advanced simulators available, learning to react to many situations in different weather scenarios.

From your first flight through to your graduation, we give you all the skills you need to land your first aviation job. We provide business and management training so you get practical background knowledge to successfully work in today's aviation industry. Our flight instructors at Confederation College's state-of-the-art Aviation Centre of Excellence (ACE) will give you a solid foundation for a long and successful career.

Top Highlights

- You're flying in the first semester
- Learn and work in our dedicated Aviation Centre of Excellence (ACE) building, located at the Thunder Bay International Airport
- 13 aircraft
- Three flight simulators
- Industry-based instruction - you learn the skills required to work as a commercial pilot

Employment Opportunities

Our graduates have great success finding employment in northwestern Ontario, as well as major (international) airlines, medevac and charter operations, scheduled services, flight instruction and the Canadian Armed Forces

Aviation - Flight Management

Admission Requirements

- Ontario Secondary School Diploma (or equivalent) with courses from the College (C), University (U), University/College (U/C), or Open (O) preparation levels with Grade 12 English (C/U) Level.
- or successful completion of the Mature Student Assessment.
- or successful completion of the General Education Development Test (GED).
- or appropriate credits from the Academic and Career Entrance program (ACE).
- A valid Transport Canada Category 1 Medical Certificate is required before classes begin. Please note that it can take more than 16 weeks (often times double that) to process a new medical, and we strongly suggest that you have your medical completed before applying to this program. Check the Transport Canada website at www.tc.canada.ca for an approved examiner in your area.

Additional Required Courses

- Grade 12 Mathematics for College Technology (MCT4C) or equivalent:
 - MDM4U: Math of Data Management
 - MHF4U: Advanced Functions
 - MCV4U: Calculus and Vectors

Courses Recommended

- Physics Grade 11 or 12 (Strongly Recommended)

Alternative Pathways

If you do not possess the Grade 12 Mathematics for College Technology (MCT4C) course or equivalent, we recommend that you consider our Pre-Technology-Technology/Aviation program, which will provide the necessary preparation to enter a technology program

Articulation Agreements

Confederation College has agreements in place that permit credits earned throughout this program to be transferred to programs at other colleges and universities.
